We have been talking about how the Banking Cartel has been lying to us about history. Our understanding of history is completely wrong. As we discussed last week, the members in the coalition that was predicted by the National War College, the coalition for the rule of law, are working together to reconstruct our past. One of the members of this coalition is the United States minus the unconstitutional Federal Reserve Bank.

We have been talking about the Phoenicians recently, and how these explorers "found" the American continent many years before Christopher Columbus set sail.

There are many buried cities off of our coasts. The ancient civilization that the Banking Cartel is trying to hide from us formed part of the Atlantis trading empire that spanned the globe from 4000 BC until its capital was buried under water in 1500.

We are all working together in the Global Currency Reset. Today we are working together in figuring out the history of the Banking Cartel, also known as the Network of Global Corporate Control. In my role as Overseer Mandate Trustee, I work together with decentralized humanity. As we get ourselves decentralized and fight the corruption in our money, we can revisit the decisions that were taken early on. In the beginning, the Global Currency Reset will consist almost entirely of the simple exchange of currencies, to cut off income to the Banking Cartel.

PS I am not a troll or trying to say that our current fake Fiat debt slavery system needs to stay in place!!! Thank you.

Karen Hudes 2 days ago

Heather. Cashless is not coming from me. If it didn't come from me, it is not part of the Global Currency Reset. We are not having gold-backed. Ultimately all our currencies will either be local currencies or gold.

Colonel Edward Mandel House confessions

1913 to 1921 (exact date unknown): Colonel Edward Mandel House to Woodrow Wilson found in Wilson's personal diary/logs "Very soon, every American will be required to register their biological property (that's you and your children) in a national system designed to keep track of the people and that will operate under the ancient system of pledging. By such methodology, we can compel people to submit to our agenda, which will affect our security as a charge back for our fiat paper currency. Every American will be forced to register or suffer being able to work and earn a living. They will be our chattels (property) and we will hold the security interest over them forever, by operation of the law merchant under the scheme of secured transactions. Americans, by unknowingly or unwittingly delivering the bills of lading (Birth Certificate) to us will be rendered bankrupt and insolvent, secured by their pledges. They will be stripped of their rights and given a commercial value designed to make us a profit and they will be none the wiser, for not one man in a million could ever figure our plans and, if by accident one or two should figure it out, we have in our arsenal plausible deniability. After all, this is the only logical way to fund government, by floating liens and debts to the registrants in the form of benefits and privileges. This will inevitably reap us huge profits beyond our wildest expectations and leave every American a contributor to this fraud, which we will call "Social Insurance." Without realizing it, every American will unknowingly be our servant, however begrudgingly. The people will become helpless and without any hope for their redemption and we will employ the high office (presidency) of our dummy corporation (USA) to foment this plot against America."

INTRO Good evening, I am your host Karen Hudes in this series on the Network of Global Corporate Control. Today's segment is pre-recorded, and is called

Thanks to DCTV, to Carmen Stanley, Studio Producer and Director, Audio and Teleprompter, and _____ Floor Director.

What is the Black Nobility, and why is it important to know about them?

The "Black Nobility" are the oligarchic families of Venice and Genoa. Genoa (Italian, Genova) is a historical port city in northern Italy, the capital of the Region of Liguria.

The Black Nobility were descended from ancient Egyptian Pharaonic bloodline families. Ancient Egyptians called themselves Km.t or kemet, meaning black. In the 12th century these families held the privileged trading rights (monopolies). The first of three crusades, from 1063 to 1123, established the power of the Venetian Black Nobility and solidified the power of the wealthy ruling class. The Black Nobility aristocracy achieved complete control over Venice in 1171, when the appointment of the Doge, or chief magistrate, was transferred to what was known as the Great Council, which consisted of members of the commercial aristocracy.

Around 1400 European power centers coalesced into two camps:

the Ghibellines, who supported the Emperors Hohenstaufen family

the Guelphs, from Welf, the German prince who competed with Frederick for control of the Holy Roman Empire

The Guelphs and Ghibellines (English pronunciation: [gwɛlfz], [ɡɪbɛlɪnz]) were factions supporting the Pope and the Holy Roman Emperor, respectively, in central and northern Italy. During the 12th and 13th centuries, the split between these two parties was a particularly important aspect of the internal policy of the Italian city-states. The House of Windsor descended from the House of Guelph.

In an earlier segment on DCTV I have mentioned that Queen Elizabeth II is an illegitimate descendent of Queen Victoria, who in turn was actually sired by Jacob [in English "James" (de) Rothschild. Jacob de Rothschild was stationed in Paris and the youngest of 5 brothers from the old Armschel Rothschild] is the biological father of Queen Victoria. Queen Victoria had a legitimate first-born son who was exiled to Portugal. Queen Victoria married King George V of Hanover when she was 14, and never divorced him. Victoria's son Edward VII (Elizabeth II's great-grandfather) was illegitimate. I covered Queen Elizabeth II's family feud with the other contender for the throne of England in an earlier episode of the DCTV Series on the Network of Global Corporate Control.

Venice has remained in the hands of the Venetian Black Nobility ever since, but the power and influence of the Venetian Black Nobility extends far beyond its borders, and is still felt in every corner of the globe.

In 1204 the oligarchic families parceled out feudal enclaves to their members, and this group forms the center of the "Head of the Snake", where the government became a closed corporation of the leading Black Nobility families.

The Black Nobility also earned its title through dirty tricks, so when the population revolted against the monopolies in government, the leaders of the uprising were quickly seized and brutally hanged. They use secret assassinations, murder, the bankrupting of opposing citizens or companies, kidnapping and rape.

The list of the Black Nobility:

House of Guelph (Britain)

House of Wettin (Belgium)

House of Bernadotte (Sweden)

House of Liechtenstein (Liechtenstein)

House of Oldenburg (Denmark)

House of Hohenzollern (Germany) House of Hanover (Germany)
House of Bourbon (France)
House of Orange (Netherlands) House of Grimaldi (Monaco)
House of Wittelsbach (Germany) House of Braganza (Portugal)
House of Nassau (Luxembourg) House of Habsburg (Austria)
House of Savoy (Italy)
House of Karadjordjevic (Yugoslavia) House of Wurttemberg (Germany)
House of Zogu (Albania)

Today the Guelphs rule by dominating the raw materials market, and for years they have fixed the price of gold, which they do not produce and do not own. The Global Debt Facility owns the world's gold.

The House of Windsor also controls the price of copper, zinc, lead and tin. It is no accident that the principle commodity exchanges are located in London. Black Nobility families run British Petroleum, Oppenheimer, Lonrho, Philbro and others. Another Black Nobility family are the Grosvenors in England. For centuries this family lived – as most of the European royal families – on ground rent. Today the family owns at least 300 acres of land in the center of London. The land is never sold, but leased on a 99 year leasehold agreement – the ground rent of the middle ages. Grosvenor Square, in which the American Embassy is located, belongs to the Grosvenor family, as does Eaton Square. In Eaton Square apartments are rented out at 25,000 pounds a month, and that does not include maintenance costs. This will give you some idea of the immense wealth the Black Nobility families garner from ground rents, and why families like the Windsors are not at all interested in industrial. This is the only reason why these "noble" families are fighting population growth. Prince Philip and Prince Charles are the most visible symbols of these movements and both have often spoken with the utmost callousness about the need to rid the world of unwanted people.

Black Nobility are connected to the "Committee of 300". The Club of Rome, the CFR, the Royal Institute of International Affairs, the Bilderbergers, the UN, the Round Table..all originate from the "Committee of 300" and therefore from the European Black Nobility families.

These families and their descendents today are the ones who are corrupting the world's money system. These are the ones who are collecting and keeping our taxes, all of them. These persons are the ones who own all of our media and are lying to us, and who have been lying to us for centuries about our history. These are the ones who are commanding the world's intelligence agencies. These families are the ones who are registering the births of our children and turning our innocent babes into companies with names in all capital letters. These families are the ones who have been telling the puppet, corrupt governments what evil policies to carry out and to simply ignore whatever the people in the countries may want. These families are the ones who instruct the corrupt administrative judges what to decide in the administrative hearings these corrupt judges pretend to preside over. These families are the ones who have suspended the US Constitution of 1789.

What do you mean when you say that there is a critical mass for the Global Currency Reset? What is the 100th monkey effect?

The Global Currency Reset is to end the corruption in the world's money system that you just described that the Black Nobility, descended from the Pharoahs in Egypt, are responsible for.

Critical Mass for Global Currency Reset

INTRO Good evening, I am your host Karen Hudes in this series on the Network of Global Corporate Control. The segment on March 7, 2017 followed the last live episode about the US military, and the episode on Fukushima. Both of these episodes aimed at creating a sense of urgency for the Global Currency Reset.

In the March 7, 2017 segment on DCTV I said that there was a critical mass for the Global Currency Reset. In my Tweet on January 18th on the March segment,

<https://s3.amazonaws.com/khudes/Twitter1.18.18.1.pdf> |

reminded people about Aubrey's statement that enough people know the reality about who is responsible for the corruption in the world's money system. That is the Black

Nobility, descended from the Pharaonic bloodline families in Egypt, the Templars in Europe. Aubrey said:

Aubrey Debliquy @JockObushveldt · 4m

@KarenHudes Yes, revolutions do not need a majority, just passionate unwavering 5%. Thats us.

I have been describing the corrupt Banking Cartel in this DC TV Series. In the segment after that, I asked Eleanor Norton in person whether the US Constitution of 1789 is in effect. On January 18th I reminded people in a tweet :

We have already succeeded in convincing a critical mass of people of the ultimate reality of humanity's wealth in the Global Debt Facility, and the Banking Cartel's lies. Reality is manifest. This is also sometimes referred to as the "100 monkey effect". The Italian documentary, "La centesima scimmia" with a four minute interview about the Network of Global Corporate Control was published on YouTube in January

What is the 100 monkey effect? When you reach critical mass, this manifests in reality. The hundredth monkey phenomenon refers to a sudden spontaneous and mysterious leap of consciousness achieved when an allegedly "critical mass" point is reached. The idea of the hundredth monkey phenomenon comes from Dr. Lyall Watson (1938-2008) in his book *Lifetide* (1979). Watson, who had a Ph.D. in ethology for work done at the London Zoo with Desmond ("The Naked Ape") Morris, was writing about several studies done in the 1960's by several Japanese primatologists of Japanese macaques (*Macaca fuscata*). Watson alleged that the scientists were "reluctant to publish [the whole story] for fear of ridicule." He wrote that he had "to gather the rest of the story from personal anecdotes and bits of folklore among primate researchers, because most of them are still not quite sure what happened." So, wrote Watson: I am forced to improvise the details, but as near as I can tell, this is what seems to have happened. In the autumn of that year an unspecified number of monkeys on Koshima were washing sweet potatoes in the sea. . . . Let us say, for argument's sake, that the number was ninety-nine and that at eleven o'clock on a Tuesday morning, one further convert was added to the fold in the usual way. But the addition of the hundredth monkey apparently carried the number across some sort of threshold, pushing it through a kind of critical mass, because by that evening almost everyone was doing it. Not only that, but the habit seems to have jumped natural barriers and to have appeared spontaneously, like glycerine crystals in sealed laboratory jars, in colonies on other islands and on the mainland in a troop at Takasakiyama.

Yes, according to Watson, one monkey taught another to wash sweet potatoes who taught another who taught another and soon all the monkeys on the island were washing potatoes where no monkey had ever washed potatoes before. When the "hundredth" monkey learned to wash potatoes, suddenly and spontaneously and mysteriously monkeys on other islands, with no physical contact with the potato-washing cult, started washing potatoes! Was this monkey telepathy? One explanation is the collective unconscious.

The Banking Cartel and the rest of humanity are now in a direct duel, with me as Overseer Mandate Trustee "embedded" as it were in the Board of Governors of the World Bank and IMF and in the rest of humanity. I am going to be letting everyone know what is going on, and you all will be the first to get a progress report. There is absolutely no possible scenario for the Banking Cartel to win. Either we have a Global Currency Reset, or we land in WWII. The likelihood that we have a Global Currency Reset is 90-95%. We are following the power transition model from the US National War College.

I wanted to follow up on our discussion about the Universal Postal Union today. You can see from this old tweet that the Banking Cartel is in panic mode. Reality has manifested. The Banking Cartel is trying desperately to confuse the critical mass that knows what reality is: On April 19, 2015 the Board of Governors of the World Bank and IMF, which administers the Global Debt Facility, placed these Central Bank imposters charging usury on the scam known as country debt, in receivership in the Global Debt Facility.

<https://s3.amazonaws.com/khudes/Twitter4.19.15.pdf> The Bank for International Settlements owes 2 quadrillion dollars in Treaty of Versailles bonds issued in exchange for gold during the 1930's.

What are we supposed to do, and what is happening? How are we supposed to know what is going on?

You have been giving me a lot of advice that things are getting very confusing and that I need to speak plainly. There is a reason why things are so confusing. It is because we need to know where all the corruption is so that we can clean things up. I get frustrated too because I want to make sure that we are all safe and that we do not crash the markets or land in WWII. You would not ask for a surgeon to operate on you for a compound fracture before he had developed the xray to see where the bone was broken. Now the fact is that we are all the surgeons, because we are all involved in the clean-up of the corruption. We all need to be able to think clearly in our nice new clean reality. Last week we talked about the weapons that the Banking Cartel is using against us to fog up our thinking.

It is hard to be clear headed, and it is hard to be honest with ourselves about our

own shortcomings that keep us from seeing our own mistakes, let alone others' mistakes. When you realize where we are, after centuries of lies, and lies to ourselves, then you realize how come there is a lot of confusion.

We have a big job in front of us, and we know that we are going to manage to do it right. This is because we are going to agree that we are going to learn from each other and keep on fixing things as we keep on learning. We are going to tackle first things first, and that means cleaning up the corrupt money system which is where a lot of the corruption is coming from.

There is a lot of disinformation out there. I knew that we had turned a big corner when some of the Banking Cartel's disinformation agents were trying to get people to believe them by quoting from me.

Broken link: <https://s3.amazonaws.com/khudes/Twitter1.20.18.pdf>

The Banking Cartel appears to be incapable of learning that when it breaks my links, it is proving that it exists and wants to censor the information in the link.

1 22 33

Let's be clear where we are. There is so much Banking Cartel disinformation that even the Banking Cartel agent who was caught red-handed trying to steal the world's gold for General Dunford (I am talking about Anna Von Reitz) is still taken seriously by some people.

Now we all have a very big job on our hands, and it is clear that we are getting ready to start out exchanging the fake paper currencies of the Banking Cartel for local currencies and for the world's monetary gold reserves. It is also pretty exciting that the world's wealth is still intact. This is despite everything that the Banking Cartel has been trying. What is every bit as exciting is that we all have our capacity for love intact. I learned yesterday one of the immediate things for

us to do. We need to figure out how to reason.

For us to be able to clean up the corruption in our world, we have to be able to figure out what is what. And we need to be able to learn from each other.

Second Postal Fraud (see page 2 of the above tweet) I am going to explain the significance of Postal Fraud below

Richard Karpinski via Google+ May, 2014
 "Karen Hudes, the World Bank whistle blower is still not showing up in the mainstream press. She makes reference to a study of global corporate control which appears in PLoS One in 2011. 147 of the 43,000 multinational corporations control 40 percent of the net worth of companies in world trade and 60 percent of their annual earnings. This is reported by three mathematicians at the Swiss Federal Institute of Technology. Karen Hudes WORLD BANK Insider reveals who`s behind the throne The degree of control of the mainstream press in suppressing stories of this magnitude certainly supports the PLoS One paper in its conclusion that they constitute a single conglomerate by interlocking boards of directors. She is on Facebook as well as on Google news and in many YouTube videos. This is likely to be a crazy year which could bring the world economy out of the bankster caused long term depression or could fail and make things much worse. Let's side with her and improve the whole world."

What is Postal Power?

The Universal Postal Union was established in 1874. The UPU oversees the international admiralty law system that the Banking Cartel put into place. The UPU was established three years after the United States' Constitution of 1789 was replaced by a second, secret Constitution, foisted upon it when the Revolutionary War debts fell due.

<https://s3.amazonaws.com/khudes/Revolutionary+War+Debt.pdf> The second secret Constitution was not ratified and was not signed.

[http://3rddog.weebly.com/uploads/1/1/0/7/11073361/us-constitutionstudy\[1\].pdf](http://3rddog.weebly.com/uploads/1/1/0/7/11073361/us-constitutionstudy[1].pdf)

Benjamin Franklin renegotiated the Revolutionary War debts in the Treaty of Paris in 1783 to fall due in 1871. <http://www.history.com/topics/american-revolution/treaty-of-paris>

Benjamin Franklin knew what was going to happen when the revolutionary war debts fell due in 1871. The deliberations of the Constitutional Convention of 1787 were held in strict secrecy. In the notes of Dr. James McHenry, one of Maryland's delegates to the Convention, here is what happened when anxious citizens gathered outside Independence Hall in order to learn what had been produced behind closed doors. A Mrs. Powel of Philadelphia asked Benjamin Franklin, "Well, Doctor, what have we got, a republic or a monarchy?" With no hesitation whatsoever, Franklin responded, "A republic, if you can keep it."

https://s3.amazonaws.com/khudes/Postal_Power.pdf

This was written by the Banking Cartel. It says that the IMF is the creditor of every country on Earth. The Banking Cartel is lying to you, because the elites who run the Banking Cartel are trying to maintain their power. The World Bank and IMF are the creditors of the Banking Cartel. The Banking Cartel is bankrupt and is getting wound down. Practically all of the world's wealth and the monetary gold reserves are in a trust managed by the Board of Governors of the World Bank and IMF. I speak for the Board of Governors and vote the shares of the US so long as the US Constitution of 1789 is not in effect. The US Government is illegitimate. The US Government was declared bankrupt in 1933 -- the Banking Cartel's agents, including Donald Trump, are only play-acting

The point about postal power is that it is relying on the form of commercial law that the Banking Cartel uses: admiralty or maritime law. Now that we are cleaning up our money system, we are going to use the common law. The common law is an ancient customary law that came from old England. The common law is what people use. I have used the common law to bankrupt the Banking Cartel's agents who have been trying to prevent the world's people from accessing the world's monetary gold reserves.

https://s3.amazonaws.com/khudes/Postal_Power.pdf

"since the US seems to be the point man in implementing the New World Order, one might most advisably use US stamps." That is Banking Cartel hogwash. The New World Order is not getting implemented. José Rizal turned the tables on the Banking Cartel by putting the world's assets in the Global Debt Facility. Then Ferdinand Marcos established the World Bank and IMF to make sure that the world's peoples had an institution to manage the assets in the Global Debt Facility.

You always refer to the power transition model from the US National War College to say that the chances that the Global Currency Reset happens are above 90%. What is happening now with the power transition model?

The power transition model tells us that we need to see what is going on with Germany and Japan. Japan's Emperor Akihito announced his intention to step down after I emailed him about Japan's monetary gold reserves in the Global Debt Facility.

The reality is that the world's elites and dishonest bankers have no claim over the world's wealth. The Postal Union has refused to admit the Bankers are bankrupt. The militaries seem to know the reality that the Banking Cartel has lost.
