DAVID MARMORSTEIN TASSILLO
CEO Of MindGeek Canada

No...this guy has no photo of him online or if there is, I can't find it for shit... this guy really knows how to hide himself and work from the shadows. What I could find about him is that he was an electrical engineer student at Concordia University from 2000-2004 and from 2005 to 2008 he used to work for Matrox Electronic Systems, after which, my guess is he sold his soul to the devil in order to control the networks of world-wide production and distribution of the human reproduction act.

DAVID TASSILLO IS A JEW THAT OWNS ALMOST ALL MAJOR PORN SITES AND NOBODY KNOWS WHAT HE LOOKS LIKE

He is never mentioned in the media, he is one of the wealthiest people in the world and he has a lot of taken down accounts.

His linkedin is down

Most of you probably are unaware of what "MindGeek" this company, even is— that's because it is just a shell company that its real masters have gone at great lengths to conceal their operations and identities, and most importantly, their endpoint.

Their goal is to infiltrate and destroy what is left ofwestern society by hypersexualizing anything they can think of and destroying everything we once held sacred. They are trying to break apart the family unit by introducing the populace to sicker and sicker pornography, including most recently, porn that simulates incest. They are trying to normalize homoerotic materials, and to classically condition people into becoming homosexuals (see behavioral psychologist, B.F. Skinner). They openly work with the media to not only promote their own fifth but also to say that there are no downsides to any of it! They managed to create the largest mind virus in our generation. the unsual feedback loop—this is where sexual thoughts actions and behaviors become the total obsession for people, at expense of productive life goals.

Let's break apart the name "MindGeek". Why would a porn umbrella company be called this? What relevance does it have? It has to do with the Jewish owners larger goal; to get inside and infect the minds of everyone (most importantly, white males), to subconsciously affect them. They do not make any money from people who just browse and don't click the ads, but they do get addicted slave though that now values the short-term pleasure more than any long-term goals in life and will ideally absorb their political conditioning as well. They are pure evil.

There is a huge increase in incest porn pushed on the front pages of major porn sites. This is very deceptive because the vids have increasingly attractive performers and someone might watch the video based only on the hot girl in the thumbnail and not the incest title.
What if this is going to be used in future court cases to take away children from their family because the father is a "risk" because of a porn title he probably didnt read?

Cousin Marriages

Does the Torah permit cousin marriages? Is this topic discussed at all? I'm concerned, in particular because the intermarriage is likely to cause genetic disorders, as historically happened to many royal families. I have the impression that upper class Jewish families have likewise engaged in this practice.

The Aish Rabbi Replies:

It is permitted under Torah law for cousins to marry. In fact, the Sages seem to view marriages between relatives as desirable. The Talmud recommends that a person marry his niece (Vayosot 11b). (There’s a debate in the commentators as to whether it applies specifically to a sister’s daughter or also to a brother’s.) The assumption is that a person will have an especially close relationship with a close relative, perhaps because of their very similar personalities and values. The reasoning may be the same for a cousin, but the Talmud doesn’t mention it. (I would point out that for a woman to marry her nephew is forbidden from the Torah – Leviticus 18:12-13.)

Some point out that the daughters of Zelophehad married their cousins (Numbers 27:1-11) so the practice has a good precedent. Some also suggest that cousin marriages are likely to engender fewer feuds between the in-laws.

In terms of the genetic issues, you are right that relatives who marry should be even more careful to do genetic screening in advance. The Talmud is referring to a single instance rather than a long-term practice. Of course, since Adino ben Azaryeh descended from a very small group of ancestors many of us are already stuck with significant genetic issues.

I should add that Jewish law obligates us to abide by the law of the land. Since many US states and locations worldwide forbid cousin marriages, one may not marry his cousin in such locations according to Jewish law as well.

It's certainly been pushed hard - still not as much as interracial though. Here's what I see on the front page of xvideos.com:

- 48 total videos
- 2 WF/BM videos
- 1 kebab/BM video
- 4 incest (one was mom/son, other was brother/sister - two were stepmother/son)

Actually was surprised by the lack of cuck porn on the front page. Usually if I look, it appears that like every fourth video is.

I doubt it. Its more that Jews want to completely flip our morals on their heads. Once the Jews have you believing that incest, sodomy, homosexuality, transvestites, miscegenation, scat play etc. are completely normal and fun, then they will have truly won.

They want a good upstanding father to fall because of porn, to become twisted and perverse. They want little Stacy to stay up late watching incest porn, little Johnny hooked on seeing blacks fuck hot white women. Complete perversion and twisting of our morals, it will make us weak, complacent, addicted to vice, easily exploited. All things the Jews need to keep their grip on power.

You know I did find it strange that whenever I was searching for "white man asian woman" it always gave me the reverse. It annoyed me to the point I even tried "white man black woman", "white man latino woman" to see if it done the same. Now before any of you say "search results based on your past viewing", even before when I was a bluepilled normie that watched porn, cuck shit and seeing black guys in porn always disgusted me never touched any of that garbage. After a while I even noticed there was an increased amount of cuck porn on the "newest page" of every site I used. Back then I literally thought "it was a coincidence" or that a group of people were flooding site with that shit just for fun. But now?

I've noticed this too. It used to be the case that the IR cuck shit was relegated to its own niche. You had to go out of your way to find that garbage. But in recent years, they now flood the main page with it. For example, a porn gallery site might have a "teen" category. Well, this category was 99% white-on-white, with no niggerdicks in sight. But go to the teen category today, and it's full of niggerdick cuck shit.
Everyone should be doing noporn now though. that shit rots your brain. At least try to move over to just solo stuff or something.

That's kind of why I unironically shill for doujins. Sometimes you just gotta get one out, or else you'll go crazy, but at least doujins and still images require some form of imagination, at least in my opinion.

18 U.S.C. § 2252C Misleading words or digital images on the Internet

The U.S. Supreme Court established the test that judges and juries use to determine whether matter is obscene in three major cases: *Miller v. California*, 413 U.S. 15, 24-25 (1973); *Smith v. United States*, 431 U.S. 291, 300-02, 309 (1977); and *Pope v. Illinois*, 481 U.S. 497, 500-01 (1987). The three-pronged *Miller* test is as follows:

1. Whether the average person, applying contemporary adult community standards, finds that the matter, taken as a whole, appeals to prurient interests (i.e., an erotic, lascivious, abnormal, unhealthy, degrading, shameful, or morbid interest in nudity, sex, or excretion);
2. Whether the average person, applying contemporary adult community standards, finds that the matter depicts or describes sexual conduct in a patently offensive way (i.e., ultimate sexual acts, normal or perverted, actual or simulated, masturbation, excretory functions, lewd exhibition of the genitals, or sadomasochistic sexual abuse); and
3. Whether a reasonable person finds that the matter, taken as a whole, lacks serious literary, artistic, political, or scientific value.

Any material that satisfies this three-pronged test may be found obscene.

Federal law prohibits the possession with intent to sell or distribute obscenity, to send, ship, or receive obscenity, to import obscenity, and to transport obscenity across state boarders for purposes of distribution. Although the law does not criminalize the private possession of obscene matter, the act of receiving such matter could violate the statutes prohibiting the use of the U.S. Mails, common carriers, or interactive computer services for the purpose of transportation (See 18 U.S.C. § 1460; 18 U.S.C. § 1461; 18 U.S.C. § 1462; 18 U.S.C. § 1463). Convicted offenders face fines and imprisonment. It is also illegal to aid or abet in the commission of these crimes, and individuals who commit such acts are also punishable under federal obscenity laws.
Let's report him for obscenity, which is still illegal in the US. Here's the definition, some statistics, and the contact number.

Here are some specific segments of US obscenity law he is violating. All of his business entities and employees can be prosecuted under RICO laws.

> 18 U.S.C. § 1460 - Possession with intent to sell, and sale, of obscene matter on Federal property
> 18 U.S.C. § 1462 - Importation or transportation of obscene matters
> 18 U.S.C. § 1464 - Broadcasting obscene language
> 18 U.S.C. § 1465 - Transportation of obscene matters for sale or distribution
> 18 U.S.C. § 1466 - Engaging in the business of selling or transferring obscene matter

"Decadence in modern mass multicultural societies begins at a moment when there is no longer any discernable meaning within society. Meaning is destroyed by raising individualism above all other values because rampant individualism encourages the anarchical proliferation of egotism at the expense of the values that were once part of the national heritage, values that give form to the concept of nationhood and the nation state, to a state which is more than just a political entity, and which corresponds to a particular people who are conscious of sharing a common heritage for the survival of which they are prepared to make personal sacrifices.

Man evolved in cooperating groups united by common cultural and genetic ties, and it is only in such a setting that the individual can feel truly free, and truly protected. Men cannot live happily alone and without values or any sense of identity: such a situation leads to nihilism, drug abuse, criminality, and worse. With the spread of purely egotistic goals at the expense of the altruistic regard for family and nation, the individual begins to talk of his rights rather than his duties, for he no longer feels any sense of destiny, of belonging to and being a part of a greater and more enduring entity. He no longer rejoices in the secure belief that he shares in a heritage which it is part of his common duty to protect - he no longer feels that he has anything in common with those around him. In short, he feels lonely and oppressed. Since all values have become strictly personal, everything is now equal to everything; e.g., nothing equals nothing."

“Before becoming MindGeek, the company started life as Mansef – an amalgamation of its Canadian founders names Ouissam Youssef and Stephane Manos, as well as Youssef’s brother, Matt Keezer and another unnamed friend.”

“After growing a porn empire, Thylmann sold his stake in the company to senior management – Feras Antoon and David Tassilo – in 2013 seeking ventures new.”

Taken from https://thenextweb.com/insider/2016/03/03/the-almost-invisible-men-and-women-behind-the-worlds-largest-porn-sites/#.tnw_yg7E49uS
MindGeek itself has something of a checkered past. In 2009, the Secret Service seized $6.4 million from bank accounts controlled by Mansef, a company founded by Stephane Manos and Ouissam Youssef, the assets of which Mansef later sold to German tech investor Fabian Thylmann, who made them part of a company he owned called Manwin. Manwin would later become MindGeek. (Of the $6.4 million that was seized, $4.15 million was later released pursuant to a settlement with the federal government.) In April 2011, Manwin quietly secured a $362 million loan from Wall Street firm Colbeck Capital, founded by former Goldman Sachs employees Jason Colodne and Jason Beckman. (Goldman Sachs distanced themselves from the two.) Colbeck’s funds were in turn secured from other firms including the troubled Fortress Capital, masking the Manwin association. Having used the loan to continue to acquire tube sites and content producers, Thylman was then extradited from Belgium to Germany in 2012 for tax evasion on Manwin’s profits. In late 2013, Thylman was bought out by current CEO Ferras Antoon and COO David Tassillo, longtime players within the company, who now control operations from Montreal. (Manwin’s name was changed to Mindgeek in 2013.)

This is in part why jews try to claim they are white - they try to lead whites to degeneracy by leading by example. Whites
following jewish degeneracy follows a wave effect. The ones that follow a degenerate trend set by jews will always be as
terrible, hollow, and degenerate as the jew themselves. As time goes on and that behavior is "normalized" comparably
stable and fairer-looking people may join that "enterprise" because they think they can do a better job and they
themselves find no fault in being part of that degenerate behavior - with concessions.

This explains why porn stars in recent times don't look like the bimbos of past years and some porn studios try to hire girls
that look like the girl next door and the most they make is softcore stuff. Even the late-wave joiners decide to impose
limits. But it all goes back to the jew that pretends they're white.

This tactic in turn hurts the jew as well as race-mixing makes their children likely to marry a nigger as seen with a
borah's daughter. Their gambit is that they can influence whites just enough to make it pay off. However in this critical
period where the backlash will push race-mixing back to the taboo-forbidden nature it should be, that leaves the jew
with a coalburning daughter. I don't think the rabbi will care come briss time.

Ouissam Youssef

Ouissam Youssef studied Computer Engineering at Concordia University, graduating in 2004. In May of that same year he started a small affiliate Marketing company called Mansef inc. From there, he went on to grow this venture, into one of the most successful Canadian based internet/media companies. Mansef was sold to a group of German Private equity investors in March 2010. After spending some time thinking about his next venture, Ouissam founded Valsef Capital in June 2011. Valsef's dual mandate is to allocate capital through the application of Value investing principles, to the purchase of internet based media properties and under followed public equities. Ouissam also sits on the boards of many Canadian companies.

Info Source:
Mansef was based in Montreal, same place as MindGeek, and both Ouissam Youssef and David Tassilo were electrical engineering students at Concordia University from 2000-2004.

In October 2009, the U.S. Secret Service’s Organized Fraud Task Force in Atlanta seized about $6.4 million in funds from two Fidelity bank accounts controlled by Mansef, the Brazzers holding company. By this point, the company was already experiencing internal troubles. Matt Keezer had left earlier that year; his brother Phil then joined as CEO, only to leave within a few months. At least some of the founders had grown concerned for their safety and hired security guards, who for several months patrolled their neighborhood 24 hours a day in SUVs with tinted windows.

In response to the asset seizure, Mansef claimed that it had opened the Fidelity accounts simply to ease payment processing in the U.S., but the Feds said that more than $9 million had been wired into the two accounts over a three-month period from banks in Israel and other countries on financial-fraud watch lists.

POOR ORGASM AS A SECRET WEAPON

Jewish sources note that in the 1950s over 50% of the population in the Jewish community experienced a lack of sexual satisfaction. This is reflected in the high rates of divorce and the rise in the number of Jewish women who are single. The lack of sexual satisfaction and the resulting emotional and psychological distress can often lead to a variety of negative consequences, including depression, anxiety, and difficulty in forming and maintaining relationships.

Dr. Diamond, a renowned psychologist, has stated that the lack of sexual satisfaction can have a profound impact on a person's overall well-being and can lead to a variety of health problems, including heart disease, diabetes, and cancer. She has also noted that the lack of sexual satisfaction can have a negative impact on a person's self-esteem and can lead to a variety of sexual problems, including erectile dysfunction, premature ejaculation, and vaginismus.

Dr. Diamond has recommended a number of solutions to address the lack of sexual satisfaction, including the use of medication, therapy, and a combination of both. She has also recommended that couples work together to identify the underlying causes of the lack of sexual satisfaction and to develop a plan to address these causes.

In conclusion, the lack of sexual satisfaction is a serious issue that affects a significant number of people. It is important for individuals to be aware of the potential consequences of the lack of sexual satisfaction and to take steps to address this issue. By working with a qualified professional, individuals can learn the skills necessary to address the underlying causes of the lack of sexual satisfaction and to achieve a more fulfilling sexual experience.

The Jewish community in the 1950s was not an exception to this trend. The lack of sexual satisfaction was a widespread problem, and it had a profound impact on the well-being of the Jewish community. It is important for the Jewish community to continue to address this issue and to work together to ensure that all individuals have a fulfilling sexual experience.

Jewish Professor Boasts of Jewish Pornography used as a Weapon Against Gentiles

After learning about the initiatives of Jewish involvement in its organized crime, historical slavery and modern white slavery, it did not surprise me when I began to learn of this new direction of pornography. As a Jew who has faithfully recorded the Jewish domination of this African slave trade or as we Jews also known as the Jewish domination of the market in pornography.

In a now classic article of Jewish studies, (The Jewish Quarterly), winter 1996), a Jewish professor named Daniel Abbot, in an article titled, “Jewish Studies: A New Paradigm,” proudly documents the leading role of Jews in the market in pornography.

A story little known to few of us is that Jews in Hollywood’s smaller roles, this adult film industry. Perhaps not enough so that the Jewish involvement didn’t exist, but there was getting away from the fact that several Jewish players (and still continue to play) a disproportionate role throughout the adult film industry in America. Jewish involvement in pornography has a long history in the United States, as Jews have helped transform the brick-and-mortar into what has become a primary source of American television. These are the “true’s” Jews, Jewish artists in the porn industry, divided into two categories: (1) professional (overlooking groups), (2) pornographers and performers. Though Jews make up only two percent of the American population, they have been prominent in pornography. In the past, the United States’s most notorious pornographer was Redford Shuten, the “Multi-Handed Max,” according to the US Department of Justice, throughout the 20th century Shuten controlled over 90% of the pornography industry in the country. It was said that Shuten did not control the adult entertainment industry, he was the industry. Jews are not merely warriors, Jews in cinema only. Shuten, however, identified as a Jew – he was a great nuisance to Jewish societies...

Aren’s shows how the corruption and abandonment of Gentiles and Christian morality to a primary part of their movement for internally labeling the Jewish community with pornography.

In so far as the fixed financial, we Jews as a people, have become involved in porn. If I should哈哈胡胡, the publisher of ‘Foreplay’, said: “The only reason that Jews are so prominent in pornography is that they think that their own children, them Jews...”

Jewish involvement in porn is, by this argument, the result of an averse nature toward Christian authority: they are trying to weaken the dominant culture in America by sexual subversion. Any reason having to do with race or fight for it to be grammar school because I was a Jew. It could very well be part of our past career in an “apathy” to these people.”...

Because, there are no articles is the mainstream media opposing Jewish involvement in pornography. Any move on to talk about the news of this revolutionary Jewish attack on European values.

Jews were also at the vanguard of the sexual revolution of the 1960s. Willi Knecht, Herbert Marcuse and Paul Goodman opposed Nixon, Trotsky and Laski as respected revolutionary revolutionaries. Patti Smith was one Jewish poet who read Lenn’s anti-Semitic Carmel’s marriage of Freud and Marx. In light of the relatively tolerant Jewish view of sex, why are we so anti-Semitic in the porno industry? We ought not like it, but the Jewish role in this field has been significant and it is about time it was written about seriously.

Notice that all those mentioned:抗战, 美国, Grace, Men & Boys, Jews and Jews are Jews. From Pearl to Goodman, all represent a Jewish revolution against traditional European values and morality.

When we discuss pornography we must consider the historical Jewish organized crime, the results can already be heartbreaking. When we, like some, in a less than shocking view, we uncovered that superstitious Spaniard Russian children, some as young as two-year-olds, face police and exchanges and the judges to the eyes, brain and memory, all of which rise to the top. These types were sold to thousands of Jews and Gentiles around the world. When police in Italy were discovered in the task of serving the authorities in the realm of the Italian networks which then showed some of the grotesque images hoping to spread public outrage. Instead of outrage against the Jewish marchers the TV producers released outrageous for showing the disturbing images.

In the eyes of the author of the book, the author of this book, it is no wonder that the Jewish community in the United States, when asked whether the Jew’s American president was elected, there was little probability, in the eyes of being a part of one of the most horrific criminal organizations, it was sentenced to only two plastic balls in.

Porn is a larger proxy picture of civilization made women as a desired back. It has become connected with sodomy, masochism, sadomasochism, even sexual revolution, rape and murder of young children. I am as much as the beauty of the human body, (1), I was forced to do only to murder in my pants.

Initially, with Jewish influence over media, social norms, and power, today, it is legal even illegal to make and even the entire pornography showing the risk of placement of women. But, if you have experienced political opinions about Jewish involvement, you may find yourself a political and social polity, or at worst, you are not. We live in a Jewish argument world when others the obvious person is legal while political interest opinions will lead you to prison.
Vulgar Javone Sarah Silverman has basically built a whole career on her
vulgar, lewd jokes. The following are the infamous lyrics from a song she

And we flushed it for that reason
This is a poop song
This is a poop song
I was walking through the mall
And I had to make a poop
This is a poop song
This is a poop song

Another example of disgusting, foul-baden lyrics comes from degenerate

and it’s about her stalked husband who followed her
could you imagine? I hesitate to even repeat anything that this abominable
woman has said. If you want more of the full story, I will quote the
tracks from the entire album. They are very, very smooth.

This is a poem that she wrote about her sick and drugging mother (in which he
at one point is comparing sex with calling goddess):

One night, sudden attack—her nose in the bathroom—like sneaking up
and sneaking out of her room. She was taking her bath, her daughter
water, exploring from her heels, in front of my feet. I was sitting on the lid
smashed with her black hairs—unintended."

Palestintic

Israeli troops have used任意在 music to frustrate the Neturei Karta. The
first time, the soldiers used to play the Israeli jazz to have another row and take a pump on the head. The last time, they
used to play the Israeli hip-hop music. I was in the kitchen when the soldiers came in and
their houses with a gun fire. We were fighting all over the inside of
Palestintic. They were not a part of the peace talks.

One Palestinian woman described the antics of the Israeli occupational army of
soldiers like this:

"The night was terrible. The ice was everywhere. Very disgusting
stains and ice were everywhere. Our clothes were everywhere. The last time they
invaded, it was easy. They broke
out and took food and shit everywhere. In
my bed, my feet are full of shit."

The Holocaust

Anyone with two brain cells to click together knows by now that the Holocaust was a total lie. It was a story made up by the Jews
All. It is the same story that uses the lies to the real like this:

"Six million Jews died. Six million Jews died. It was so much. In the
soup, there was a missing six. It was all over, was overflowing...overflowing there."

Perhaps the most早晚的 Holocaust story is the one by one Mickel, the
famous Holocaust survivor. She said that her mother would come to
her and say, "I am going to die. I am going to die."

Desperate demands that her mother beg her by eating them daily and then
she would tell her to stop. The poor girl was hungry and
the demands were endless. She was then forced to consume
six million Jews. After she had eaten all of them, she
had to report to the next day for two more days. What a hellish kind of sick
man invented this? What a hellish kind of sick
man? And what a hellish kind of sick
man..."Swallowed a toilet - the inside of a toilet - neck deep in urine and feces."

One Jew in Tibet, actually wrote about Jews having sex while inside of a
dung-filled toilet. Imagine for a second a craving inside of a
dung-filled toilet. It is so disgusting beyond belief.

On page 145 of In Search of a Lost People, The Old and the New World he
writes:

"I heard harrowing stories of these ladies of Birkenau, of how the
Jews were locked in the gas chambers and then thrown into ovens and
baked on these places and was moet to the dog under the threat
of having their heads sliced off as they were put in the oven."

The sub-human then proceeds to project his German anti-baby theory onto
the so-called mistreatment of Jews by the Third Reich:

"Jews were rounded up and made into "bad babies," shit babies
for their own good and then killed them. You’ll
never know the number."

A bizarre offshoot of psychology led by possible Jew Lloyd Dumas called
Psychobiology takes the infantile logic from a step further and asserts that
sadistic behavior practiced on infants by the average German mother.

Here are a few passages from an over-the-top, anti-German hate fantasy
written by deMauzer:

"A visitor from England described the German baby as a "pitiful
baby... It is nothing but a mass of nothing. It is nothing but an empty
shell."

The Jew Dr. Mortimer Osler, in his book "Mutilation and Murder: The
Psychodynamics of anti-Semites," theorizes that antisemitism is actually a
form of psychological defense reaction.

The Jewish journalist Michael Lewes also wrote extensively about the supposed
massacre of Jews he was allegedly entitled to the Economy, Arminius. In the September 24, 2004 edition of Vanity Fair he goes on a
frenzied tour, making outrageous claims such as the following:

"After all the war, Hitler’s doctors told U.S. intelligence officers that their
own reports were incorrect. They had been singing praise in mistaken their own reports, there was pretty strong evidence that one of his favorite things to do with
women was to have them work on him."

and

"Raped women fought in a metaphorical ring of faith while the
Jews were rounded up and made into shit babies."

That is just a few examples of the type of shit we live in today, where it’s
not just a label or a name, it’s a lifestyle and not just a
lifestyle, it’s a culture. Well some of us aren’t afraid of these labels, and in fact, we wear them as badges of honor.
The Fecal Fixation of the Chosen

There is nothing more disturbing and distressing than to hear the words "Jewish" and "fetal" together. The Jewish nation has always been associated with purity and holiness. But the idea of a Jewish fetus is quite disturbing.

"And if it's sanctified, all the better," Waldbis declared. That's according to Jewish law. But what about the baby's emotional and psychological development? When a Jewish baby is born, it's considered holy. But what about the baby's right to a normal childhood?

In a word article about toilet training, Jueda Carl Haumberg proudly states, "Well, when you have to do it, you do it. You can't like it, but it's gotta be done." But what about the baby's right to a normal childhood?

A lot of people believe that Jewish children are destined for a life of spiritual and emotional development. But what about the baby's right to a normal childhood?

In a recent article, Carl Haumberghet, author of "The Art of Toilet Training," states, "When a Jewish baby is born, it's considered holy. But what about the baby's right to a normal childhood?"

Brain Studies on Porn Users

**Brain Stimulation (MRI, fMRI, EEG, Neuro-modulation)**

- **fMRI (Blood Oxygen Level-dependent Imaging)**: Time-resolved fMRI studies track changes in oxygen level in blood, showing increased activity in specific brain regions associated with increased attention, motivation, and emotional responses.
- **EEG (Electroencephalography)**: Measures electrical activity in the brain, revealing changes in brainwave patterns during sexual activities.
- **MRI (Magnetic Resonance Imaging)**: Provides detailed images of the brain and skull, allowing researchers to study brain structure and function.
- **Neuro-modulation** (Deep Brain Stimulation, tDCS, tACS): Techniques that stimulate specific parts of the brain to alter its activity, often used in clinical settings to treat neurological disorders.

**Neural Subsystems of Sexual Behavior in Individuals with Hypersexual or Pathological Behavior**

- **Brain regions involved in sexual desire and motivation** include the hypothalamus, amygdala, thalamus, and portions of the limbic system.
- **Neurotransmitters** such as dopamine, serotonin, and oxytocin play a crucial role in the sexual response and motivation.

**Modulation of Sexual Behavior by Neurotransmitters**

- Serotonin affects sexual desire and arousal, impacting the balance between excitatory and inhibitory signals.
- Endorphins, known for their role in pain relief, also play a role in sexual pleasure.

Everyone Should Know These Statistics on Homosexuals

One study reports 70% of homosexuals admitting to having sex only once or twice with over 50% of their partners (3).

One study reports that the average homosexual has between 20 and 156 partners per year. The average heterosexual has 8 partners in a lifetime.

Many homosexual sexual encounters occur while drunk, high on drugs, or in an orgy setting (7).

Many homosexuals don't pay heed to warnings of their lifestyles. "Knowledge of health guidelines was quite high, but this knowledge had no relation to sexual behavior." (16)

Homosexuals got homosexuality removed from the list of mental illnesses in the early '70s by storming the annual American Psychiatric Association (APA) conference on successive years. "Quaintel" tactics and more straightforward shouting matches characterized their presence (2). Since homosexuality has been removed from the APA list of mental illnesses, so has pedophilia (except when the adult lives "subjective distress") (27).

Homosexuals account for 3-4% of all gonorrhea cases, 50% of all syphilis cases, and 17% of all hospital admissions (other than for STDs) in the United States (5). They make up only 1.2% of the population.

Homosexuals' live unhealthy lifestyles, and have historically accounted for the bulk of syphilis, gonorrhea, Hepatitis B, the "gay bowel syndrome" (which attacks the intestinal tract), tuberculosis, and cytomegalovirus (27).

73% of psychiatrists say homosexuals are less than the average person, and of those psychiatrists, 70% say that the unhealthiness is NOT due to social stigmatization (12).

26-33% of homosexuals and lesbians are alcoholics (11).

Of homosexuals questioned in one study reports that 43% admit to 600 or more partners in a lifetime, 28% admit to 1000 or more in a lifetime, and of these people, 70% say that half of those partners are total strangers, and 70% of those sexual contacts are one time stands (i.e., homosexual admits in the film "The Castro"; one time stands) (3). Also, it is a favorite pastime of many homosexuals to go to "nancy areas" and have anonymous sex.

78% of homosexuals are affected by STDs (20).

Judge John Meagher, chief magistrate of the New York City Criminal Court has said, "Homosexuals account for half the murders in large cities" (10).

Captain William Riddle of the Los Angeles Police says, "30,000 sexually abused children in Los Angeles were victims of homosexuals" (10).

50% of suicides can be attributed to homosexuals (10).

Dr. Daniel Capron, a practicing psychiatrist, says, "Homosexuality by definition is not healthy and wholesome. The homosexual, on the other hand, is more unhappy and more unfilled than the sexually normal person." (10). For other psychiatrists who believe that homosexuality is wrong, please see National Association for Research and Therapy of Homosexuality.

It takes approximately $300,000 to take care of each AIDS victim, so thanks to the promiscuous lifestyle of homosexuals, medical insurance rates have been skyrocketing for all of us (10).

Homosexuals were responsible for spreading AIDS in the United States, and then raised up violent groups like ACT UP and Ground Zero to conceal it. Even today, homosexuals account for over 60% of the AIDS cases in the United States, which is quite a large number considering that they account for only 1-2% of the population.

Homosexuals account for a disproportionate number of hepatitis cases: 70-80% in San Francisco, 29% in Denver, 66% in New York City, 58% in Toronto, 42% in Montreal, and 26% in Melbourne (3).

37% of homosexuals engage in sadomasochism, which accounts for many accidental deaths. In San Francisco, classes were held to teach homosexuals how to not kill their partners during sadomasochism (3).

41% of homosexuals say they have had sex with strangers in public restrooms, 60% say they have had sex with strangers in bathhouses, and 64% of these encounters have involved the use of illegal drugs (8).

Depending on the city, 35-50% of homosexuals are infected with intestinal parasites like worms, flukes and amoebae, which is common in third world countries (8).

The median age of death of homosexuals is 42 (only 9 live past age 60). This drops to 39 if the cause of death is AIDS. The median age of death of a married heterosexual man is 75 (8).

The median age of death of lesbians is 45 (only 24 live past age 65). The median age of death of a married heterosexual women is 75 (8).

Homosexuals are 100 times more likely to be murdered (usually by another homosexual) than the average person, 25 times more likely to commit suicide, and 10 times more likely to die in a traffic accident (8).

21% of lesbians die of murder, suicide or traffic accident, which is at a rate of 534 times higher than the number of white heterosexual females aged 25-44 who die of these things (8).

50% of the calls to a hotline to report "queer bashing" involved domestic violence (i.e., homosexuals beating up other homosexuals) (10).

About 60% of women on death row are lesbians (12). Homosexuals prey on children.

33% of homosexuals ADMIT to minor/adult sex (7).

There is a notable homosexual group, consisting of thousands of members, known as the North American Man and Boy Love Association (NAMBLA). This is a child molesting homosexual group whose cry is "SEX BEFORE 8 IT'S TOO LATE." This group can be seen mating in most major homosexual parades across the United States.

Homosexuals commit more than 33% of all reported child molestations in the United States, which, assuming homosexuals make up 2% of the population, means that 1 in 20 homosexuals is a child molester, while 1 in 480 heterosexuals is a child molester (18).

73% of all homosexuals have had sex with boys under 19 years of age (9).

Many homosexuals admit that they are pedophiles; "the love between men and boys is at the foundation of homosexuality." (22).

Because homosexuals can't reproduce naturally, they resort to recruiting children. Homosexuals can be heard chanting "TEN PERCENT IS NOT ENOUGH RECRUIT RECRUIT RECRUIT" in their homosexual parades. A group called the "Lesbian Avengers" even went so far as to try to recruit young girls. They print "WELCOME, LCTOR" on their literature. Some other homosexuals aren't overt about this, but rather try to infiltrate society and get into positions where they will have access to the molestation of young children (e.g., the clergy, teachers, Boy Scout leaders, etc.) (5). See the DC Lesbian Avengers web site, and DC Lesbian Avengers Press Release, where they threaten to recruit little boys and girls. Also, see APA Action Alert.

The Modern Times, the Drunkeness of Innumerable Training and Autographeism

First of all, let's examine the recent events on the satirical novels that have changed from the modern woman in human sexuality. Not that they have virtually gone down - rather, that, by fluctuating plummeting - but the use of old-access Internet Flow. Filled with all kinds of imagery, it has also corroborated the youth's natural sexual development.

Now, some sort of something down, common sense also shows that the first impression of that picture, where the types of these women, are equally simple, hallucinatory visions of a man and a woman, as in some sort of women, with electronics being dominated by the machine. Many more quickly get to the fiction as such false scenarios, with an interest in the crowd, of the real man, that is. This is in accordance with the man's sexual role of the case, of the male model. This is so, for not we want to just get off and go people, but rather, we want our own pleasure, the usage of our own genitals on various we find first to facilitate this activity.

Now, my introduction will be a describing point about this stage, as humans are cultures and different, in many, many of them lost interest and externalist others to extend all forms of paraphilia. The thing that obtained is not at all from all is a staggering 80% of a control group of a low-law taxonomy to describe the first time.

"The only reason that Jews are in pornography is that we think that Christ sucks. Catholicism sucks. We don’t believe in authoritarianism. Pornography thus becomes a way of defiling Christian culture and, as it penetrates to the very heart of the American mainstream (and is no doubt consumed by those very same WASPs), its subversive character becomes more charged..."

Bella and The Bulldogs. Nickelodeon’s top rated kids show, was produced by Jonathan C. Butler. Butler’s previous work was a softcore porn film called The Cuckold, about a sadomasochistic interracial sex fetish in which a white husband (the “cuckold”) watches while his wife has sex with a black man (the “bull”). Shockingly, Butler’s Nickelodeon show, about a girl quarterback on a high school football team, is filled with themes, symbols, and references drawn directly from the cuckold subculture.

Cuckold themes form the nucleus of Bella and The Bulldogs, as seen in the three main characters and their dynamics. Bella, a beautiful strong-willed blonde girl; Tony Dixon, a popular athletic black boy; and Lew, a weak, emasculated white boy. Lew has a crush on Bella, but Bella secretly adores Tony and the show’s themes are encouraged to root for their eventual pairing. Lew is regularly humiliated throughout the series, while Tony revels in his dominance and collects girls’ phone numbers.

The name of the show itself is a reference to its fetish theme. Interracial cuckold revolves around “bulls” and the series seems to flirt on bulls, despite the team mascot being a bulldog. In a scene that echoes the sadomasochistic sex rituals seen in The Cuckold, Bella is blindfolded and led to a sandbox basement for an initiation where she must slap a bull. Around her neck she wears two keys, a large black one and a smaller white one. Keys and blindfolds are both common accessories in the cuckold kick, as can be seen in the pictures below.

The series is filled with flashes of disturbing imagery that relate back to the fetish.

It’s odd to find so much symbolism layered into a bland, bubblegum children’s show but it starts to make sense once you understand Butler’s predilection for myth, mythic and cuckoldry. His production company is called Mythological Beast and its logo features a minotaur, the child-eating monster born of a woman and a bull.

We are almost certain of who this nosologist is, and we know who he is after VISION: His research and academic reputation depend on the following:

1) Sexual tastes are innate and cannot change, to other words our articles about morphing sexual tastes and guys escalating to genres they said don’t match their innate tastes threatens His Life’s work
2) Porn-addiction does not exist
3) Porn-induced ED does not exist

So you can see he is quite upset with us, and Harris has battled with him on the academic bit-war trying to explain what you guys have experienced and have healed.

Warning: CUT AND PASTE FROM A BACK & FOR THE ABOUT THIS POST (ps: I could add several more cut & pastes, and now studies about distal-fat, internet addiction studies with porn and 2 brain studies on porn... but enough)

That was a very clever spin job (I address this below) - so clever that it still has you believing the lies - such as YBOP doesn’t depend upon experts.

One single article refutes most of what the anonymous nosologist implied in his “students” spin job. Toss Your Textbooks: Docs Redefine Sexual Behavior Addictions
http://www.yourbrainonporn.com/node/644

The American Society of Addiction Medicine is not anonymous, and it is packed with none of the top neuroscientists in the world; people who actually study addiction. Not an anonymous nosologist with an agenda, who is afraid to put his name to his claim, and who doesn’t risk a claim thing.

Really petty. ASAM totally agrees with YBOP. They mention sexual behavior addictions 12 times in their 3-page paper and say it involves the same mechanisms and brain changes. Please read their 3 documents:

This alone refutes the myth that he said — YBOP is somehow depending only on anecdotes and is more important that “the experts” don’t. We now know that ASAM contains the top addiction researchers in the world! Please Google Nara Villacorta - she is former ASAM board member, and current member, who helped draft the new definition - along with the 3,000 other members (MDs and researchers). Notice how the nosologist — who is not an expert in addiction - left this out.

You and others need to understand that there are two distinct groups of researchers at odds.

1) Addiction researchers who study the brain and have years and thousands of studies (animal and humans) all pointing to the fact that all addictions involve the same mechanisms and brain changes. No studies have refuted this. See ASAM, please.

The translates into, “If you have the signs, symptoms, and behaviors associated with addiction - you have a specific constellation of brain changes.” No studies have refuted that statement.

2) Nosologists who have little or no training in brain science and no training in addiction neuroscience. They are fighting tooth and nail to prevent the recognition of porn addiction. Since they have been elevating porn use and saying that there’s no such thing, their reputations are at stake.

The guy you relied on didn’t do one study, because he doesn’t have any. He and his colleagues are afraid. So much so that they spend precious time and energy anonymously attacking obscure people and websites. Don’t you find that a bit odd?

Incidentally, there is a reason why this anonymous nosologist is going after YBOP: His academic reputation depends on it. His life’s work is built upon the dubious concept that brains are NOT plastic. That sexual “tastes” cannot change. “You are what you are born before puberty, and your porn use only changes that, in no manner how your tastes become as you escalate.” Since addiction escalates for an entirely different reason (desensitization), he’s determined to deflect discussions of the possibility that addiction is at work.

Specifically — YBOP has written several articles describing morphing sexual tastes (not orientation changes) - and pointed out that these "tastes" reverse themselves during a rebesting period. Is Internet porn making male sexuality more pliable?— http://www.yourbrainonporn.com/can-you-trust-your-physics

If guys tastes change through Internet porn use - then his research and reputation are threatened.

To sum it all up:

1) That particular YBOP detractor has stated that porn addiction does not exist.

2) He does not believe that continued porn use, over time, can alter sexual tastes, causing them to morph into genres that don’t match one’s sexual orientation. You should take into account the fact that his current research depends on upholding this myth that porn can’t alter tastes. KEY POINT — IF it turns out that porn alters tastes, his views of “research” will be refuted or called into question. That is why he went after Nara & YBOP.

3) He has stated that porn-induced ED is a myth.

4) He has stated that all neuroplasticity is irrelevant because “the brain changes all the time.” Which is like saying all cell division is the same (thinks cancer).

5) He conveniently ignored all years of addiction research in animals and humans, which has uncovered very specific neuroplastic changes shared by ALL addiction. He doesn’t know enough about it apparently to understand that it guts his entire argument.

6) He lied in the post when he said that YBOP/PDFP depended only on animal research. In fact, 13 brain studies on internet addiction (again, not videogames...there are other studies) have shown all the same fundamental addiction-related changes seen in drug addicts. Ten studies are cited in this article: Recent Internet Addiction Brain Studies Include Porn
http://www.yourbrainonporn.com/node/652

Moreover two of the brain studies followed recovering addicts and saw a “reversal” of addiction-related brain changes. Causation is becoming unmistakable, and yet this guy ignores the unwavering research.

7) He conveniently left out the opinion of the American Society of Addiction Medicine (ASAM), which released their new definition of addiction last August. The organization members are not just doctors, but also researchers who provide the basic mechanisms and resulting brain changes. In their new definition they stated that “sexual behavior addictions” exist. In fact, ASAM left aside 3 FACTS just for sexual behavior addictions.

Please see this article, the quotes, and links to ASAM’s new definition of addiction. Toss Your Textbooks: Docs Redefine Sexual Behavior Addictions
http://www.yourbrainonporn.com/toss-your-textbooks-docs-redefine-sexual-behavior-addiction

8) He left out the very recent decision by the DSM-5 to create a “behavioral addiction” section in the upcoming revised DSM-5.

See: The DSM-V Gets Addiction Right http://www.nytimes.com/2012/06/05/opinion/this-dem-gets-addiction-right.html?

9) He suggested that behavioral addictions involve different mechanisms than drug additions. This is false, as chronic overstimulation of the reward circuit leads to accumulation of deficients, which activates and suppresses a very specific set of genes, leading to the brain changes found in all addictions.

Please see this article and follow all the links —Porn, PseudoScience and Fear— http://www.yourbrainonporn.com/node/983

TL;DR: The nosologist has no training in addiction biological does not believe in behavioral addictions, including porn addiction, fervently denies morphing of sexual tastes and denounces all evidence to the contrary; fervently denies porn-induced ED; is at odds with ASAM’s new definition of addiction, and the new DSM-5; doesn’t know the basic mechanisms and brain changes that occur in ALL addictions; and is attempting to protect his own research conclusions, which rest on the premise that sexual tastes are immutable. Skepticism is healthy, but spin is not. Choose your sources carefully, and be sure to buy into spin.

END OF CUT & PASTE. Guess what I’m going to do today? Keep working on my new presentation on the adolescent brain and Internet porn, which heavily emphasizes sexual condition and morphing sexual tastes. The nosologist is really going to like it — guaranteed.

No... this guy has no photos of him online if there is, I can't find it for shit... this guy really knows how to hide himself and work from the shadows. What I could find about him is that he was an electrical engineer student at Concordia University from 2000-2004 and from 2005 to 2008 he used to work for Nortel Electronic Systems, after which, you-genesis is the sell his soul to the devil in order to control the networks of worldwide production and distribution of the human reproduction act.

But of course it's a natural phenomenon. A Jewish owned porn site would never manipulate trending videos to increase exposure to depravity they're trying to normalise, would it Moishe?

I think porn has a few things going for it as a psy-op, intended or unintended
> Makes men feel to have to try harder to impress sexually (or that this you even need to impress sexually)
> Same for women but also look good while doing it
> Glorifies degeneracy of fucking a lot of people and lack of commitment
> Enables destructive fetishes
> Destroys the sanctity of a man and woman making love to have kids, creates a “keeping up with the Jones” mentality in regard to methods of fucking
> Lot of porn stars are addicts
> Lot of porn stars are (((cunt))) normalizing this mutilation
> Massive time waste
I'm sure you could think up more ways it fucks with us.
Also if you want to take the Anon5 pill check the first image, also he's claimed they use realistic extensions to look bigger but NDAs keep the actors from talking about it.
Your info is out of date. Simulated murder and strangulation videos are beginning to become extremely popular on sites like motherless.com, far outpacing incest videos.

I get my degenerate media elsewhere. Suck on that, mystery jew

OP provides no citations for his claims… Fucker can red text but not provide ANYTHING to get people on his side. Now I have to go through 100+ posts to find the real anon who did OP's job for him. You think the COO is the owner? NECK YOURSELF. The Fabian faggot has always been the majority owner. Now maybe something changed with his arrest in Germany on tax shit because I haven't kept up with Jew filth, but this guy's name is new. How you imagine you know he has 200m is a joke. Also thinking that makes him, "one of the wealthiest people in the world" is even more pathetic. I've hit peak rage. Do it yourself. I have my own hitlist of kikes and I've owned 4 of the sites you think this guy owns the past decade.

Interesting. I wrote a general HTTP traffic garbage generator in Perl that uses WWW::Mechanize::FireFox to click random links on porn sites. Suffice to say it wasn't too long before I noticed that the majority of the "suggested content" fell into two specific categories: a) coalburning white whores, and b) jewish sons fucking their own whore mothers. Now… Perl's rand() isn't the greatest, but I still refuse to believe that links selected using stochastic processes would show a trend toward any given meta tag. Would this be proof that the incest tag is being forced? I should check the program to see what it made the jews think I watch recently, and specifically to check for snuff/strangulation…

Actually I've found by simply looking at the "most viewed" and "most popular" videos on motherless.com is an excellent barometer for porn trends. I'm completely serious, I used to visit that shithole in my degenerate past and was always slightly disturbed by the type of porn that became popular there, and have before noticed certain types that started gaining popularity there, only to pollinate onto other porn sites (such as incest porn), and still return there solely to measure what type of porn is becoming popular.

3 more will rise up and take his place.

That's what most of this guy's sites are, and I consider free streaming porn to be a major problem because it reaches kids and is dangerous to addicts.

As a borderline addict myself, I find the tube sites have the power to suck me down a rabbit hole leading from one interest to the next, and I don't even suffer from the desensitization others experience. I just like looking at women, and the novelty factor presents as a weakness for variety. If I have the morning free I will look at softcore lesbian and masturbation videos for hours when I could be playing music or writing. The combination of free content and robust suggestion engines makes this far more dangerous for people who are depressed, bored, lonely, sexually deprived, sexually confused, and so on. I'm for restoring the paywall. It won't save everyone, but it will discourage binge behavior among kids, losers, and most anyone who isn't so far gone as to empty their bank accounts for a vice. We will always have people who lose everything because of gambling, alcohol, MMOs, etc. Frankly, to hell with those people. I'm not interested in protecting dangerously impulsive people. I think we should focus on stopping predatory and manipulative behavior aimed at people who are vulnerable but worth protecting.

I know that feel, bro.

I suppose you're right, especially since amateur porn is the bedrock of tubesites. I was just speculating that the most attractive and popular content on these site's is likely professional videos from pay-sites that get taken down fairly quick. But since they do get taken down tubesites suddenly might not be able to maintain viewcounts with amateur videos to pad the site out, if suddenly amateur videos were non-viable of course.

I've also wondered if we could attack the porn industry from the porn as prostitution angle, that being that these women are being paid to have sex with another person—the only difference being that it is not usually the person she's fucking paying her for the sex.
does mia khalifas popularity coincide with the planned invasion of muslims in europe and america? to make the men more accepting of miscegenation? are they really this coordinated in their subversion?

Porn the new weapon of choice
2002-03-31 08:45
>Ramallah, West Bank - Porn movies and programmes in Hebrew are being broadcast by Israeli troops who have taken over three Palestinian television stations of Ramallah, irate residents of the besieged West Bank town said on Saturday.
>The offices of three local television and radio stations were occupied by soldiers on Friday morning, a few hours after tanks and hundreds of troops stormed the town in Israel's biggest offensive against the Palestinian Authority and its leader Yasser Arafat.
>The soldiers started broadcasting the porn clips - considered extremely offensive by most Muslims - intermittently on Saturday afternoon from the Al-Watan, Ammwaj, and Al-Sharaq channels, the residents said.
"The pornographic movies started on Al-Watan television at around 03:30," one 34-year-old Palestinian mother named Reema said.

"I have six children at home, they have nowhere to go with what is going on here and can’t even watch TV," she said angrily.

"It's not healthy really. I think the Israelis want to mess with our young men’s heads," she said.

'Deliberate psychological damage’

Anita, a 52-year-old mother of three children, complained about “the deliberate psychological damage caused by these broadcasts”.

"I am furious, these are the people who are shooting at us that also play this disgusting trick on us," she said.

"We are desperate for news and constantly flipping channels and get these terrible pictures instead," adding that videos of the intifada were also shown backwards with "ideal terrorism" written in red across the screen.

"Luckily, there is no electricity in half of Ramallah," she said from her house in east Jerusalem where the channels are also available.

A fourth local station, whose premises were not seized by the army, ran a written message across its screen letting people know it was the Israelis who were behind the graphic scenes.

"Anything currently shown on Al-Watan and other local TV channels has nothing to do with Palestinian programmes but is being broadcast by the Israeli occupation forces, we urge parents to take precautions," the message said.

Israeli military denies allegations

The Israeli military denied that it had anything to do with the pornographic programming and instead blamed the Palestinian leaders.

"The Israeli security forces have no interest in putting pornographic and racist movies on Palestinian television," an army spokesperson said.

"The only reason we are in these buildings and in this city is to fight against terrorists and their infrastructure after giving the Palestinians various chances to [do] it themselves," he said.

Palestinian leader Yasser "Arafat is willing to go low in order to make himself look better in this uncomfortable situation", he said.

Israeli foreign ministry spokesperson Emmanuel Nachshon said any such broadcasting was "shameful", but said he was not aware of the Israeli army's involvement.

"I cannot believe that Israeli soldiers would engage in such despicable behaviour," he said. - Sapa-AFP

It was wilder country a few years back but these days many of the legit sites have tons of long clips and full scenes on the tube sites at 720p. I'm not sure anything can be done about that.
Honestly, even if we managed to slam them with a bunch of paperwork about their amateur content, they would just axe it across the board and then the legit studios would begin producing mock amateur content (as compared with what they market as amateur today) that looks like the real lo-fi (mostly) garbage uploaded today by individuals, to fill the demand.
It crosses my mind that respected people who study porn and sex addiction might be rallied to approach pornstars and adult models who have struggled with or lost loved ones to drug addiction, and somehow mobilize them to create pressure against the more predatory tactics. That's pie in the sky, though. I have no idea where you would start.

Jewish Supremacist Mythos
"The mashiach [Jewish messiah] will bring about the political and spiritual redemption of the Jewish people by bringing us
back to Israel and restoring Jerusalem (Isaiah 11:11-12; Jeremiah 23:8; 30:3; Hosea 3:4-5). He will establish a
government in Israel that will be the center of all world government, both for Jews and gentiles (Isaiah 2:2-4; 11:10; 42:1).
He will rebuild the Temple and re-establish its worship (Jeremiah 33:18). He will restore the religious court system of
Israel and establish Jewish law as the law of the land (Jeremiah 33:15)...The world after the messiah comes is often
referred to in Jewish literature as Olam Ha-Ba (oh-LAHM hah-BAH), the World to Come...In the Olam Ha-Ba, the whole
world will recognize the Jewish G-d as the only true G-d, and the Jewish religion as the only true religion (Isaiah 2:3;

How far have we fallen that talk of missionaries conjures up recollections of pornography, not evangelists. You judge a tree by its fruit. The word "evangelist" sounds way more jewish than innocent love-making.

Pornography, fellatio, and racemixing aren't innocent

Also that image is cute, looks more like the kind of thing you'd send your wife when returning from work, and asians tend to draw their men slightly darker because the girl having a slightly paler skin looks better for them, although they don't racemix (and I don't encourage racemixing either). Blowjobs made with love are the best thing ever, and if your jewish book says otherwise, the book is wrong.

Next time, try "white man" and "asian woman" with the quotes.

I consider free streaming porn to be a major problem because it reaches kids.

This, I was 16 when I first discovered porn only because I was thought as weirdo by even the freshmen for never seeing any kind of porn I first started masturbating to the point where I couldn't count, now I masturbate 3 times a day.

quitting porn is easy but quitting masturbation is hard

No. Porn is blocked in Israel because it has "damaging influences in society".

They also broadcast porn into Muslim occupied territories for subversion and demoralization.

The 2nd picture gives the best insight into the end game.
The perks to the new tube economy for porn. Normalizing fetishes, increased degeneracy, data mining, etc. The first pic goes a bit crazy but I'm sure you've noticed in certain free porn or free songs what sounds like people having a discussion in the background. They aren't wrong, it's just subliminal messaging is pretty ineffective for the most part. The real end plan is multi pronged. When people cannot find value or a skill they can rely on, they become overtly sexual because sexual activity makes them feel good and gives them a sense of value. Rather than spending time trying to
develop a skill or develop as a person, people dump their time into becoming "le super cool guy" and try and bed as many partners as they can.

But people don't act like this on their own. However if you erode families with broken single mother households, the likelihood the child will be this kind of person goes up. You give them social media they have a Pavlovian conditioning to seek validation they are not receiving from accomplishment, likelihood goes up. Drug them on anti depressants that give them energy but cause them to feel depressed, likelihood goes up. Have College sold as 24/7 sex and drugs rather than a place to seek academic truth and have teachers that also teach the filth as academia, likelihood goes up. Target women so their expectation of a real man is a hairless 6 pack pretty boy. Mix it with an ideology that teaches them in prime breeding years both they should do anything sexual without any consequence and men who use you for sex are evil, you have an entire generation of women who either don't breed or get knocked up and don't know/hate who ever the father is and think they can do everything on their own.

Add to that women are targeted for social media validation and have become vapid and mindless. Women are easily manipulated.

Now as for the men, chad thundercock will stop being the thunder god of cock by 35, gain weight, and feel depressed and worthless realizing they can do nothing to earn more than 25k a year. Or they may continue the thundercock status with careful maintenance, but then get depressed because they can't pull in young 20 year old puss anymore and their standards are two high and they never developed a personality because they invested so much time in maintaining their body, and eventually become the boy toy of a 40 something with dried up ovaries and cash.

The most insideous thing is now this is hardwired in us. You know damn well while you condemn porn here, you will most likely jerk it still and cannot break the habbit. But that's okay. People have jerked off and fucked for years. Subliminal messaging is not effective if you are aware. as long as you keep focus and try to fight, you slowly being reversing the process.

TL;DR? The end game is to condition us to be useless to the point where we don't even have personalities and lose all humanity. Once you lose your humanity, oh boy….

Many of you are already caught in the porn trap, but thats fine. Just try to resist. You won't win overnight, but you will begin the reversing of the damage done.

Israel blocks online porn to curb its 'damaging influence' on society

"We must put up road signs that say 'this is how we think society should behave.'"

Government ministers in Israel have approved a bill that will force internet service providers operating in the region to censor "offensive" websites - including pornography - by default in an attempt to curb the "damaging influence" of such content to underage web users.

This. Censorship doesn't work. Spread the word that it's a political implement to be weary of.

Onanism
conflating correlation with causation
You sound like some catholic faggot.
He doesn't own motherless or xvideos, good.

But Asian women are superior…

The trick is to find something to do to distract you when the cravings come. Do you lift?

ban the buying and selling of pornographic material. It bypasses the free speech argument altogether and ultimately, would resolve the issue of partners sending nudes or other such things which are typically the pitfalls of pornographic censorship. Treat porn actors like prostitutes. make it just as bad. make it impossible to have a "porn empire"

yes, full body 3x a week [5 sets of 8 every exercise, I'm also re-learning piano]

Checked for oven-worthy ironic shitposting

Checked for revving up the ovens.
